Your Privacy & Our Use of QuickChart AI

Focused on You

To give you our full attention during your visit, we use QuickChart, an advanced AI tool that helps create your medical notes so your provider can spend more time listening and less time typing.

What is QuickChart?

QuickChart is a secure AI-powered system that:

- Transcribes our conversation
- Summarizes it into medical notes
- Helps your provider stay fully engaged with you

Your Privacy is Protected

We take your confidentiality seriously:

- **Secure Processing** — Your information is encrypted and processed using secure cloud technology.

- **No Data Selling** — Your health information is never sold or used for marketing.

- **Limited Retention** — Audio recordings are temporary and used only to ensure accuracy.

- **Canadian Privacy Standards** — Your data is handled in compliance with Canadian privacy laws and safeguards.

Your Choice Matters

- **Voluntary Use** — Using QuickChart is completely optional.
- **Your Consent** — Continuing your visit with QuickChart means you consent to its use.
- **You Can Opt Out Anytime** — Simply ask your provider to turn it off; your care will not be affected.

Questions?

- Visit www.quickchart.md/privacy
- Or speak with our staff anytime

Your Care. Your Privacy. Your Choice.
